

### **11 0 crm data pdf**

Customer relationship management (CRM) is an approach to manage a company's interaction with current and potential customers. It uses data analysis about customers' history with a company to improve business relationships with customers, specifically focusing on customer retention and ultimately driving sales growth.

### **Customer relationship management - Wikipedia**

Microsoft Dynamics CRM is a customer relationship management software package developed by Microsoft. The product focuses mainly on Sales, Marketing, and Service (help desk) sectors, but Microsoft has been marketing Dynamics CRM as a CRM platform and has been encouraging partners to use its proprietary (.NET based) framework to customize it.
